

## Marcus Landslide Field Trip - Optional Extra Credit

Name \_\_\_\_\_

<https://www.google.com/maps/search/Marcus+Landslide+Trail,+Scottsdale,+AZ/@33.6592661,-111.8443184,10789m/data=!3m1!1e3>

Hike the entire 3.7 mile loop including the extra loop. Once you get home, create a Google Doc in your MCCCD account. (Do not use another account.) Your paper will include the following five items.

- A) Ten included photos, one of you at each of the 10 stations featuring the interpretive signs in the background. Yes, you, the sign, and the background must be each picture.
- B) Beneath each photo describe what you learned at each station. Don't repeat what the sign said. Share what you learned, what surprised you. Include any questions you may have.
- C) Add a Google Maps screenshot of the area zoomed in. Use terrain or birds eye view.
- D) Write either 2 questions about the experience or 2 suggestions to improve this assignment.
- E) The URL of two web sites you used to learn more about the Marcus Landslide.

Tell two people where you are going. Bring somebody un-creepy with you. Pets on leash are welcome on the trail as long as you clean up the 🦌. Bring your phone. Plan around the weather. If going in the summer, bring LOTS of water.
