>>>>>>>>>>>>>>>>Block material proportion

This is the most popular proportion in making block making machine :

(1) cement ,clay

Raw material	Quantity per piece
Water	3%
Cement	6-8%
Clay	80%-90%
Other specify	You can change the proportion depend on your needs ,this block is heavy ,but strong

(2)Fully clay

Raw materials	Quantity per piece
Water	3%
Clay	90-95%
Other specify	You can change the proportion depend on your needs, this block is light.
